

Ladybrook nature reserve (Community orchard)

A place of rest
A place of beauty
A place to test
A new ecology

Plants to inspire
educate, feed
Fruiting hedges
Orchard trees

Fruit, nuts abound
So help yourself
As you look round
See the harvest

Leave the plants
To blossom and fruit
No transplant, or
cutting to boot

Wildlife love it,
We hope you do.
Your canine friends -
This is not a loo

Wilderness treasure
Colours are brash
Species galore
No place for trash

Enjoy your walk
As you pass through
Listen, not talk
Enjoy the view

Deleted:
(The fruit and nuts
Are for yourself
But leave the plants
For next harvest)
