

Watch out watch out, there's an Angel about!

INSIDE

*As part of the **Big Blake Project** local schools have been approached to provide art to enhance the public spaces in and around Bognor Regis. The Angels on display in the Bognor Regis library have been provided by St Mary's for the **Big Blake Trail** which they completed following their curriculum work on spirituality.*

The Regis School has also kindly provided images around Bognor Regis following their art project looking at spiritual and cultural links.

OUTSIDE

*Mosaics completed by Downview and Bishop Tufnell will be installed on the Bognor Regis bridge near the Arun Leisure centre for the **Big Blake Project**.*

If you are connected with a local school or other local community organisation and would like to participate in the Angel project please email Rachel Searle:
